Please take a note of your dates and collect the materials for your age group, at the end of children's church, the week before you are due to be on.

Children need to be **collected from the room they are in, by parents** at the end of the session or else **one of the leaders should take those who have not been collected, downstairs** to their parents.

Scripture Union materials are provided for each session starting from October through to June. **If your dates do not suit could you please try to swap with another pair on the list.**

A list will be displayed for your reference in the Minor Hall.

Once again many thanks for all your hard work during the past year.
